## Colorado Avenue Esplanade Project

**Description:** *Main Street Completed*

Dear Neighbor,

The project passes another major milestone on Wednesday, February 10, with the (very) early morning opening of the southbound lane of Main Street, enabling both directions of traffic to flow between 2nd Street and Main Street.

One of the major benefits from the Colorado Avenue Esplanade Project is this realignment of Main Street so that it curves to meet 2nd Street directly.

### **More Efficient Traffic Flow:**

Removing a signalized intersection at Colorado Avenue and Main Street, which traffic designers believe will move traffic more efficiently, is a key advantage of this new configuration.

The Colorado Avenue Esplanade project remains on schedule for an opening in April 2016.

I encourage you to contact Ned Racine, our Community Relations Manager, with questions regarding this work. Ned's contact information is included below.

Thank you for your patience,

Gene Higginbotham  
Colorado Avenue Esplanade  
Project Manager  
Civil Engineering Division

### **Things to Know:**

- Beginning in the early morning hours of Wednesday, February 10, southbound and northbound traffic will flow between 2nd Street and Main Street.
- Traffic designers believe traffic will move more efficiently in this new configuration.
