

**Did you know that  
1 gallon of used motor oil  
can be converted into 2.5 quarts  
of NEW, Re-Refined motor oil?**

*Santa Monica residents can make a positive  
change by purchasing Re-Refined motor oil!*

The quality and performance of re-refined oil is identical if not better to lubricants made from crude oil. Dirty oil goes through a sophisticated cleansing process to produce base oil. The base oil is blended with additive packages and sold to consumers under various brand names. Re-refining reduces air pollution, uses less processing energy and, most of all, demands no new exploration, drilling or foreign importing.

*Close the recycling loop by purchasing Re-Refined oil. Use this  
handy coupon to receive a \$5.00 discount on your next oil change.*

**The better solution is  
Re-Refined Oil**
