

Resources and Reference

Resource title listed in black; How to get a copy listed below in red

Start at the Source (1999) by Bay Area Stormwater Management Agencies Association

Detailed discussion of permeable pavements and alternative driveway designs presented.

Bay Area Stormwater Management Agencies Association

1515 Clay Street, Suite 1400, Oakland, CA 94612
510-622-2465 or 510-622-2326 www.basmaa.org

Using Site Design Techniques to Meet Development Standards for Stormwater Quality, A Comparison Document to Start at the Source (2003) by Bay Area Stormwater Management Agencies Association

Volume and flow based design criteria and landscape techniques.

City of Santa Monica EPD, Neal Shapiro

200 Santa Monica Pier, Suite K, Santa Monica, CA 90401
310-458-8223

Design of Stormwater Filtering Systems (1996) by Richard A. Claytor and Thomas R. Schuler

Presents detailed engineering guidance on ten different storm water-filtering systems.

Better Site Design: A Handbook for Changing Development Rules in Your Community (1998)

Presents guidance for different model development alternatives.

Watershed Leadership Kit, Vols. 1-3 CD-Roms (1999)

Better Site Design, Impacts on Urbanization, 8 tools of Watershed Protection.

The Practice of Watershed Protection: Techniques for protecting our nation's streams, lakes, rivers and estuaries (2000)

Thomas Schueler and Heather K. Holland.

The Stormwater Manager's Resource Center

Designed for stormwater practitioners, local government officials and others that need technical assistance on urban management issues; 2000 pages of technical content to view and download, free.

Center for Watershed Protection

8391 Main Street, Ellicott City, MD 21043
410-461-8323 www.cwp.org www.stormwatercenter.net

The Practice of Low Impact Development (2003) by NAHB Research Center, Inc., Upper Marlboro, MD, Contract H-21314CA

Focuses on technologies and practices to reduce costs and environmental impacts associated with the home building industry, land development, including LID, and conventional and alternative approaches.

U.S. Department of Housing & Urban Development

HUD USER; P.O. Box 23268, Washington, DC 20026-3268

Low Impact Development Center

Has a variety of information and resources on the LID subject.

Low Impact Development Center

5010 Sunnyside Avenue, Suite 200; Beltsville, MD 20705
301-982-5559 www.lowimpactdevelopment.org

Los Angeles Regional Water Quality Control Board (and State Board)

Has various stormwater and runoff documents, regulations, studies, brochures and links.

Los Angeles Regional Water Quality Control Board

www.waterboards.ca.gov/losangeles/html/programs/stormwater/stormwater.html
www.swrcb.ca.gov/stormwtr

Design Manual for Use of Bioretention in Stormwater Management (1993)

Presents guidance for designing bioretention facilities.

Low Impact Development: An Integrated Design Approach (2000)

Discusses low impact development through integrated design.

Prince George's County Dept. of Environmental Resources Programs and Planning Division

9400 Peppercorn Place, Suite 610, Largo, MD 20774
301-883-5832 www.goprincegeorgecounty.com

Operation, Maintenance and Management of Stormwater Management (1997)

Provides a thorough look at stormwater practices including, planning and design considerations, programmatic and regulatory aspects, maintenance considerations, and costs.

Watershed Management Institute, Inc.

410 White Oak Drive, Crawfordville, FL 32327
850-926-5310

California Stormwater Best Management Practice Handbooks (2003) for Construction, Industrial/Commercial, Municipal and New/ReDevelopment by California Stormwater Quality Association

Provides a description of a large variety of structural and non-structural BMPs, including treatment controls and source controls.

California Stormwater Quality Association

P.O. Box 2105, Menlo Park, CA 94026
650-366-1042 www.casqa.org www.cabmphandbooks.com

Second Nature: Adapting LA's Landscape for Sustainable Living (1999) by TreePeople

Detailed discussion of BMP designs presented to conserve water, improve water quality, and achieve flood protection.

TreePeople

12601 Mullholland Drive, Beverly Hills, CA 90210
818-753-4600

Florida Development Manual: A Guide to Sound Land and Water Management (1988)

Presents detailed guidance for designing BMPs.

Florida Department of the Environment

2600 Blairstone Road, Mail Station 3570,
Tallahassee, FL 32399
850-921-9472

Strategies: Community Responses to Runoff Pollution

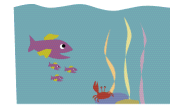

An interactive web document to explore effective strategies to reduce urban runoff pollution.

Natural Resources Defense Council

40 West 20th Street New York, NY 10011
(212) 727-2700 www.nrdc.org/water/pollution/storm/stoinx.asp

Resources and Reference

Resource title listed in black; How to get a copy listed below in red

Stormwater Management in Washington State (1999)

Vols. 1-5

Presents detailed guidance on BMP design for new development and construction.

Washington State Department of Ecology

P.O. Box 798, Olympia, WA 98507-0798
360-407-6400 www.ecy.wa.gov

Maryland Stormwater Design Manual (2000)

Presents guidance for designing storm water BMPs.

Maryland Department of the Environment

2500 Broening Highway, Baltimore, MD 21224
410-631-3000

Texas Nonpoint Source Book - Online Module (1998)

Presents BMP design and guidance information on-line.

Texas Statewide Storm Water Quality Task Force North Central Texas Council of Governments

616 Six Flags Drive, Arlington, TX 76005
817-695-9150 www.txnpsbook.org

Urban Storm Drainage, Criteria Manual - Volume 3 Best Management Practices (1999)

Presents guidance for designing BMPs.

Urban Drainage and Flood Control District

2480 West 26th Avenue, Suite 156-B, Denver, CO 80211
303-455-6277

Guidance Specifying Management Measures for Sources of Nonpoint Pollution in Coastal Waters (1993) Report No. EPA-840-B-92-002.

Provides an overview of, planning and design considerations, programmatic and regulatory aspects, maintenance considerations, and costs.

National Technical Information Service

U.S. Department of Commerce

Springfield, VA 22161
800-553-6847

National Stormwater Best Management Practices (BMP) Database, Version 1.0

Provides data on performance and evaluation of storm water BMPs.

American Society of Civil Engineers

1801 Alexander Bell Drive, Reston, VA 20191
703-296-6000

Builder's Guide to LID by National Association of Home Builders

A builders guide to low impact development.

National Association of Home Builders

ToolBase Services c/o NAHB Research Center
400 Prince George's Blvd, Upper Marlboro, MD 20774
800-898-2842 www.toolbase.org

Caltrans Storm Water Quality Handbook: Planning and Design Staff Guide Best Management Practices Handbooks (1998)

Presents guidance for design of storm water BMPs.

California Department of Transportation

P.O. Box 942874, Sacramento, CA 94274-0001
916-653-2975

Model Construction Activities

Storm Water Pollution Prevention Plan (2000)

Presents guidance for design of storm water BMPs.

Fresno Metropolitan Flood Control District

5469 East Olive Ave., Fresno, CA 93727
559-456-3292

Urban Runoff Quality Management (1998)
