

It pays to be smart about water.

High-Efficiency Toilets

Qualifying Products List

February 2, 2009

**THE METROPOLITAN WATER DISTRICT
OF SOUTHERN CALIFORNIA**

www.bewaterwise.com

AND THE FAMILY OF
SOUTHERN CALIFORNIA WATER AGENCIES

Only **WaterSense-qualified** high-efficiency toilets with a capacity of 1.28 gallons per flush or less qualify for SoCal Water\$mart rebates.

This list also provides flush volume performance data as indicated by the **Maximum Performance (MaP) test**. MaP is the most widely accepted assessment for determining flush volume and is a requirement for WaterSense certification to ensure satisfactory performance. A toilet should be able to reliably flush at least 350 grams of waste in order to properly perform; flush volumes above 500 grams will perform very well.

Brand Name	Model Name	Model Number	MaP Performance (grams)
American Standard	Cadet 3 FloWise EL	2832.128: 3014.128 bowl, 4021.128 tank	1000
