Thank you!

Due to record dry conditions, court-imposed reductions in water exports from Northern California, and cut-backs in imported water deliveries, the City of Santa Monica on June 10 declared a...

## **WATER SUPPLY SHORTAGE ADVISORY**

Lake Oroville a source of our imported water supply, in February 2009 at 58% capacity.

The City of Santa Monica requests all of its customers to voluntarily reduce water use by 10% by practicing the following water-efficiency regulations:

- No watering landscapes between 10 a.m. – 4 p.m. (exceptions for drip irrigation, hand-watering, system maintenance)
- No overspray or runoff from landscape irrigation or other sources of water waste
- Install only approved irrigation equipment
- Don't use a hose to clean paved areas (exception for health requirements)
- Repair leaks
- Wash vehicles with a bucket and shut off hose nozzle, or at a car wash
- Serve water only upon request at restaurants
- Only use decorative water features that recirculate the water
- Don't waste water

See Reverse for More Information

## Paycheck Inserts

These inserts fit into a #10 envelope and are a great way to share information about the water shortage with your employees.
