No Admission Fee

Panel Discussion

Want to understand more about the elements that compose a Sustainable City and how it might impact you? The Office of Sustainability & the Environment and Sustainable Works invites you to attend this informative panel discussion!

Speakers:

Gwynne Pugh, AIA, ASCE, LEED AP -Gwynne is the Co-founder of Pugh + Scarpa Architects and is an architect and engineer. Pugh has extensive design and management experience in master planning, urban design, institutional projects, affordable and market-rated multifamily housing of all scales, single family residential, commercial/industrial, and adaptive reuse projects. Committed to improving the urban fabric of Southern California, Pugh currently serves as Chair of the Santa Monica Planning Commission. He is a LEED Accredited Professional, and is an expert in sustainable design and engineering.

Dimitris Klapsis, LEED AP - Dimitris is the principal of STUDIOdnk - an architectural firm focused on sustainable design and building - and a member of the board for USGBC - Los Angeles Chapter.

A vocal advocate for green strategies in the urban context, he is currently the chair of the Pacific Regional Task Force for LEED for Neighborhood Development. Mr. Klapsis was involved in publishing the Los Angeles edition of Green Map, an interactive planner that highlights the city's natural and sustainable locales and transit options for the everyday consumer (www.greenmap.org). His presentations on sustainability include the Congress for New Urbanism X, the American Council for an Energy-Efficient Economy Summer Study on Energy Efficiency in Buildings, the Municipal Green Building Conference and Expo, the United States Green Building Council Annual Members Summit, the Natural Resources Defense Council Environmental Entrepreneurs (E2), and the Green California Schools Summit.

Eileen Fogarty - Director of Planning and Community Development, City of Santa Monica
