

## FROM THE PERMIT COUNTER

# Permit Packet for Combination Permits

### Additional Forms Distributed at Permit Issuance:

- Copy of Permit/Receipt
- Permit Inspection Card
- Construction Hours Sign to be Posted

### In this Packet:

1. Building Inspector Contact Information
2. Online Inspection Requests Handout
3. Telephone Inspection Requests Brochure
- 4. We have Gone Green**
5. Required Devices Handout
6. How to Process a Revision
7. Construction Related Fees/Fines
8. Approved Haulers List
9. Street Services Handout
10. Business License Release Form

### Other Contacts:

- Business License**

Thank you for using the permitting notification feature.

## PERMIT TYPES:

Permits beginning with a Number	(examples)
1 BLD	14 BLD-0000
2 MU	14 MU-0000
3 CBP	14 CBP0000
4 STP	14 STP0000
5 MH	14 MH-0000
6 OTHER	14 OTHER-0000

Permits beginning with a Letter	(examples)
1 B	B0000
2 M	M0000
3 E	E0000
4 P	P0000
5 C	C0000

## INSPECTION TYPES CODE LIST:

### 1010 - FOUNDATION - BUILDING

- Locations and Setbacks
- Soils Engineering Approval
- Concrete Pad(s)
- Grade Beam(s)
- Foundation Hardware
- Foundation/Trench Forms
- Concrete Block First Lift
- Concrete Block Second Lift
- Concrete Block Final Lift
- Raised Floor Framing
- Underfloor Insulation
- Strut Concrete/Slab on Grade

### 1020 - FOUNDATION - MECHANICAL

- Underground/Floor Mechanical

### 1030 - FOUNDATION - ELECTRICAL

- Underground/Floor Electrical
- Underground Conduit

### 1040 - FOUNDATION - PLUMBING

- Underground/Floor Plumbing
- Backflow Protection

### 1050 - ROUGH BUILDING

- 1st Level FI Sheathing/Framing
- 2nd Level FI Sheathing/Framing
- 3rd Level FI Sheathing/Framing
- Roof Sheathing/Framing
- Ok to Wrap Exterior Only
- Framing Inspection

### 1050 - ROUGH BUILDING (continued)

- Insulation Wall/Cert. Rcvd.
- Insulation Ceiling/ Cert. Rcvd.
- T-Bar Ceilings
- Drywall
- Interior Lath
- Exterior Lath

### 1060 - ROUGH - MECHANICAL

- Duct Work
- Fire Dampers
- Exhaust System
- Manufactured Fireplace
- Commercial Hood

### 1070 - ROUGH - ELECTRICAL

- Rough Electrical Wiring (Walls)
- Rough Wiring (Ceilings)

### 1080 - ROUGH - PLUMBING

- Drain Waste Vent Test
- Water/Gas Piping
- Shower Pan(s) Test
- Rough Sewer

## PRIOR TO CALLING FOR ANY TYPE OF FINAL INSPECTION:

Please be sure that you have received ALL required City Department Approvals  
- ie: Business License.

### 1090 - FINAL BUILDING

- Sign Final
- Final Building Inspection

### 1100 - FINAL - MECHANICAL

- Final Mechanical Approval

### 1110 - FINAL - ELECTRICAL

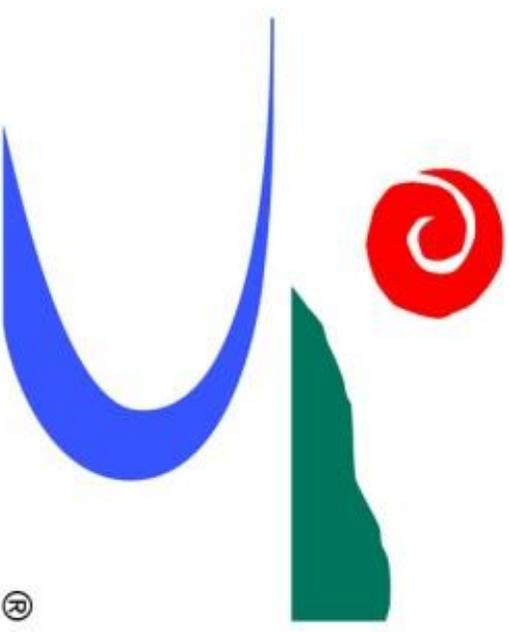

- Temporary Power Pole
- Electrical Service
- Smoke Detectors
- Final Electrical Approval

### 1120 - FINAL - PLUMBING

- Water Service
- Underground Gas Service
- Water Heater
- Final Gas Test
- Final Plumbing

**Special Deputy Inspectors must call  
(310) 458-2220 ext. 8101**

## How to Use our Automated Inspection Request Line

### To Schedule an Inspection

By Phone: (310) 458-2202

Online: <http://einspections.smgov.net>

### To view your Inspection Time

<http://www.smgov.net/Departments/PCD/Permits/Inspections/>

**CUT-OFF TIME FOR NEXT DAY  
INSPECTION IS 3:30 P.M.**

**City of Santa Monica**  
Building & Safety Division/Inspection Services  
1685 Main Street, Room #111

## Welcome to IVR

In an ongoing commitment to improve customer service, the City of Santa Monica has installed an Interactive Voice Response system for scheduling or canceling inspections and for obtaining results of your inspections 24 hours a day, 7 days a week!

**To access, dial (3 1 0) 4 5 8 - 2 2 0 2**

Schedule Inspections

Cancel Inspections

Obtain Inspection Results

You will be prompted through the entire process.

Press ★ at any time for more information.

### Before Calling You Will Need:

- A touch - tone telephone
- A site - specific Permit Number
- A four - digit Inspection Code - Choose the code for the type of inspection you need from the list inside this brochure.

### Choose from the following Options:

- Press 1 **Schedule an Inspection.**
- Press 2 **Cancel/Reschedule an Inspection.**
- Press 3 **Obtain Inspection Results.**
- Press 0 **Speak with an Operator**
- Press ★ **General Information and to repeat.**

### Transfer to Staff and Obtain Additional Information:

You can press **0** at any time to transfer to an Operator. You can also press ★ to hear an explanation of your current options.

## 1 - Schedule an Inspection:

1. For permits that begin with a number (1) or letter (2)
2. Follow prompts for entering complete **Permit Number**, including any zeros.
3. Enter the job site street number followed by #.
4. The system will confirm this permit by speaking back the site address.
5. Enter the four-digit **Inspection Code** from the list on the other side of this brochure.
6. The system will now give you an option of the next five days available for inspection.
7. Enter a 10-digit **phone number to be automatically notified** of an estimated inspection time.
8. Press (5) to be **automatically notified** of your inspection results by phone or fax.
9. Confirm previous number entered or enter new phone number to receive results.

**After you have scheduled an inspection, you can:**

- ❖ Obtain a Confirmation Number and hang up
- ❖ Request another inspection, same permit
- ❖ Request another inspection, different permit
- ❖ Return to the Main Menu

## RE-INSPECTION FEES:

### For Re-inspection fees

please visit our fee schedule at:

<http://finance.smgov.net/fees-taxes/fees-rates>

**Fees will be assessed if you are not ready OR cancel AFTER 3:00pm THE DAY PRIOR to your inspection.**

**This fee must be paid before you can reschedule your inspection.**

## 2 - Cancel (or Cancel & Reschedule) an Inspection:

1. For permits that begin with a number (1) or letter (2)
2. Follow prompts for entering complete **Permit Number**, including any zeros.
3. Enter the job site street number followed by #.
4. The system will confirm this permit by speaking back the site address.
5. Enter the four-digit **Inspection Code** from the list on the other side of this brochure.

**After you have cancelled the inspection, you can:**

- ❖ Obtain a Confirmation Number and hang up
- ❖ Cancel another inspection, same permit
- ❖ Cancel another inspection, different permit
- ❖ Reschedule an inspection
- ❖ Return to the Main Menu

## 3 - Obtain Inspection Results:

1. For permits that begin with a number (1) or letter (2)
2. Follow prompts for entering complete **Permit Number**, including any zeros.
3. Enter the job site street number followed by #.
4. The system will confirm this permit by speaking back the site address.
5. Enter the four-digit **Inspection Code** from the list on the other side of this brochure.

**After you have listened to the inspection results, you can:**

- ❖ Listen to more results, same permit
- ❖ Listen to more results, different permit
- ❖ Receive a fax of these results
- ❖ Return to the Main Menu

## IMPORTANT INFORMATION!

The system will prompt you through the necessary steps during your call. You may make multiple requests during each call. At the end of the call you'll be issued a confirmation number. We recommend that you keep a record of your confirmation number(s) and associated requests in case you need them for future reference.

## We Have Gone Green!

Apply for a Permit:

<http://www.smgov.net/departments/pcd/permits/epermits/>

*(Only offered for simple improvements to single family dwellings and to apply for Residential Building Records reports)*

Request an Inspection:

<http://einspections.smgov.net>

Apply for Plan Check and Revisions to Permits:

<http://eplans.smgov.net>

**ePlans** is an easy-to-use internet-based application for electronic plan submittal, review, correspondence and approval. ePlans offers a greater environmental friendly approach to the plan check process and eliminates wasteful progress paper drawings.

## Required Devices to be Installed when a Permit is Issued

Device	Specification	Type of Improvement	Power Supply	Installation Location
<b>Carbon Monoxide Alarm</b> (where fuel burning appliances are installed or where garage is attached) [2013 CBC, Section 420.6]	Shall be listed as complying with UL 2034 and 2075	New construction, addition, or remodel (valuation over \$1,000) results in the removal of wall and ceiling or there is access to the attic, basement or crawl space.	Hardware with battery back-up, and shall be interconnected. In covered multifamily dwellings – shall be with visible alarm notification appliances per NFPA 720 and Chap. 11A	Outside of each separate dwelling unit sleeping area in the immediate vicinity of the bedroom; on every level and basement; per manufacturer specification
		Remodel (valuation over \$1,000) and where repairs or alterations do not result in the removal of wall and ceiling or no access of attic, basement or crawl space	Battery operated	
<b>Smoke Detector</b> [2013 CBC, Section 907.2.11.2.2; 2013 CRC, Section R314; and Santa Monica Municipal Code 8.44.100]	Shall be listed as complying with UL 217, display the date of manufacture, provide a place on the device where the date of installation can be written, and incorporate a hush feature	New construction, addition of bedroom, or remodel results in the removal of wall and ceiling or there is access to the attic, basement or crawl space.	Hardware with battery back-up, shall emit a signal when battery is low, and shall be interconnected	On the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms; each bedroom; and on every level and basement; per manufacturer specification
		Remodel (valuation exceeds \$1,000) where repairs or alterations do not result in the removal of wall and ceiling or no access of attic, basement or crawl space; transfer of property	Battery operated (shall contain a nonreplaceable, nonremovable battery that is capable of powering the smoke alarm for at least 10 years) and interconnected [SB745]	
<b>Seismic Gas Shutoff Valve</b> (where structure has fuel gas piping) [Santa Monica Municipal Code Section 8.32.070]	Certified by State Architect pursuant to Section 19202 of the Health and Safety Code	New building, addition or alteration (valuation exceeds \$10,000) or sale of property	N/A	On the customer owned gas piping: In condominium shall be on the portion of the customer owned gas piping that serves the individual condominium unit if such a device does not exist on the customer owned gas piping that serves the entire building; per manufacturer specification

# Building & Safety Division

## How to Process Revisions to Approved (Permitted) Plans

### PURPOSE & SCOPE

Approval of revisions to approved plans may be made provided the applicant submits all revised sheets of plans for review/approval to the Building and Safety Division and all other required agencies. The following procedures shall be followed for obtaining approval for revisions to the plans and/or scope of work that has been previously reviewed, approved and permitted.

Revisions are handled similar to a submittal; however, depending on the scope of revisions, the review time could vary. The goal of the Building and Safety Division is to complete the first cycle of submitted plan check review for minor revisions within a week of being assigned into plan check. Minor revisions are defined as changes that do not require extensive review of structural or life safety issues. Some minor revisions may be determined by the plan check engineer as an over-the-counter review and approval.

Revisions that result in additional square footage or incorporate a scope of work that was not included in the original permit will be considered as a major revision and will be reviewed according to time frames allowed for new submittals.

### PROCEDURE AND REQUIRED ITEMS FOR SUBMITTAL

**Contact the original plan check engineer whose name appears on the approved permitted plans to notify him/her of the proposed revisions.** Coordinate with the plan check engineer to meet or discuss the scope of revision in a meeting if necessary.

#### 1) PERMIT APPLICATION/PLANS

The applicant must submit a completed [Revision Plan Check Application](#) form. This application must be completed and submitted through our City ePlans process, <mailto:eplans@smgov.net>. The revised scope of work should be clearly described on this form and include the permit number. Please make sure that **revisions are clouded on plans** and an **itemized narrative of changes** is uploaded into Supporting Docs. The plan name must match the sheet name for example **A-1, A-2, A-3, S-1, S-2, M-1**. It is recommended each pdf be **under 2MB** per sheet.

Upload previously approved sheets first then upload revised sheets. [See instructions below.](#)

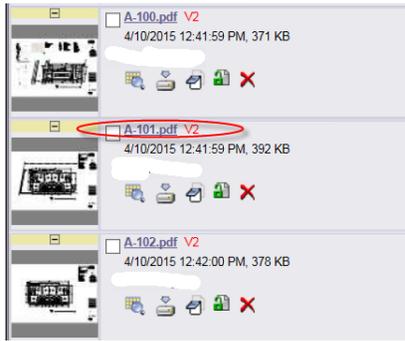

The upload documents should include:

- A) Original approved City stamped plan sheets affected by the revisions.

Step 1: Upload the affected city stamped plan sheets into the <ProjectDox Plan Folder> with the original approved file name (ex. **A-101.pdf**)

- B) Revised plan sheets with sheet file names coordinated exactly as the original approved City stamped plan sheets (this step would version the revised plan sheets as version 2 [**V2**]). Revisions should be clouded on the plans and marked "delta #" and dated. **Deltas must be coordinated on the sheet Title block** (Delta 1, 2, etc.)

Step 2: Upload the revised plan sheets using the exact file name in Step 1 above. Your <ProjectDox Plan Folder> should show **A-101.pdf V2**

C) Revised structural calculations, as necessary.

D) Additional documents such as soils report addendums, letters of transmittal, field inspector correction list, deputy inspector forms, structural observation forms, etc.

If the approved field hard copy plans/calculations (applicant original copy) are required as reference for plan review, you must coordinate the transmittal/handling of the original plans with the plan check engineer. All original documents will eventually be returned to the applicant. Details or portions of the original plans replaced by the revisions must be removed or clearly deleted. If the original submittal was prepared by a licensed/registered architect or engineer, that same professional must sign the revised plans, otherwise the property owner or contractor of record may make such revisions or designate another licensed/registered architect or engineer for the entire project.

## 2) **FEES**

Supplemental plan review fees will be initially assessed on an hourly basis of review time based on the proposed scope of revision. Additional hours may be assessed during the review process as applicable.

If the scope of revision includes new work that was not included in the original permit scope, additional permit fees based on the square footage or on an hourly basis for additional inspections will be assessed.

If additional permits are required, the appropriate permit fees will be due following the completion of the plan check review. Also, additional development related fees may be assessed such as school fees or other agency fees. These fees must be collected before any permits are issued.

## **PROCEDURE FOR REVISIONS APPROVED OVER-THE-COUNTER (PAPER PLANS AND ELECTRONIC PLANS)**

At the discretion of the plan check engineer, minor revisions (paper plans) may be reviewed and approved over-the-counter. In such instances the following procedure could apply:

### 1) **PERMIT APPLICATION/PLANS**

- A) The applicant must submit a completed Revision Plan Check Application form. The revised scope of work should be clearly described on this form.
- B) The plan check engineer would verify all information on the application and review and approve plan documents.
- C) Please bring an electronic copy of the plans.

## 2) **FEES**

Supplemental plan review fees will be applicable as assessed by the plan check engineer. Fees shall be collected as described above for electronic (ePlans process) submitted applications.

**NOTICE TO PERMIT HOLDER**

**Fines for Construction Related Violations  
July 1, 2016**

Santa Monica has adopted a schedule of fines for various violations of its municipal code. Enclosed is a schedule of various construction related fines for your reference. Any violation of these municipal code sections will subject you to an administrative fine in the amount shown for each separate code violation. Failure to pay fines when due and/or continued violation of these code sections may also result in criminal prosecution and business license and/or permit revocation.

As the responsible party for this permit, you must follow all municipal code sections related to the proposed construction. Please insure that all persons involved in your construction project understand and follow our community standards. If you should have any questions about these standards or any specific municipal code section, please contact our code enforcement staff at (310) 458-4984. You may also read any Santa Monica municipal code section online at <http://www.qcode.us/codes/santamonica/>. Your voluntary compliance is appreciated.

Code	Section	Violation Description(s)	Fine

**REPEAT VIOLATIONS:** The administrative citation fine amount for a second violation of the same Code provision by the same responsible party within thirty-six (36) months from the date of an administrative citation shall equal one hundred twenty-five percent (125%) of the fine amount listed in this Resolution for a first violation of that Municipal Code section at the time of the second violation. The administrative citation fine amount for a third and any subsequent violation of the same Code provision by the same responsible party within thirty-six (36) months from the date of an administrative citation shall equal one hundred fifty percent (150%) of the fine amount listed in this Resolution for a first violation of that Municipal Code section at the time of the third, or as applicable, subsequent violation.

**LATE PAYMENT CHARGES:** Payment of the administrative citation fine amount after thirty (30) days from the date of the administrative citation shall be subject to an additional late payment charge. The late payment charge shall equal ten percent (10%) of the administrative citation fine amount due to the City, or ten percent (10%) of the amount remaining unpaid to the City if a portion of the fine amount was timely paid. Late payment charges shall be in addition to the amount of the administrative citation fine amount. In addition, interest shall accrue on all unpaid monies due, exclusive of late payment charges, at the rate of one half of one percent per month of the total amount due from the date the administrative citation fine amount becomes delinquent until the date that all delinquent amounts are paid to the City.

PUBLIC WORKS DEPARTMENT  
Resource Recovery & Recycling Division

APPROVED PRIVATE HAULERS

In Good Standing as of 08/11/16

- Using a Private Hauler not on this list or approved by the City will result in forfeiture of performance deposit.

## NEED OFF-SITE SERVICES?

Did you know that the City of Santa Monica offers removal/hauling/replacement services of sidewalk, driveway, curb, gutter, and alley in addition to tie-in to existing asphalt/concrete?

If you would like to receive more information about using the City Services for your off-site construction work, please contact:

Jason Baer, Supervisor

Street & Fleet Services

Public Works Department

direct (310) 863-9844 \ phone (310) 458-8502 \ email [jason.baer@smgov.net](mailto:jason.baer@smgov.net)

**For current list of off-site service fees, please visit the City's Finance Website**

Official Use Only

Date Stamp

## INSTRUCTIONS

**Please submit this form at least two (2) working days prior to request for final inspection.**

- General contractor/owner-builder shall require all sub-contractors to have a current Santa Monica Business License before permitting them to begin work and for the duration of the job.
- Failure to do so may result in delay of final building inspection and the general contractor/owner builder being responsible for the payment of the business license tax for any unlicensed subcontractors or specialty contractors, per Santa Monica Municipal Code Section 6.04.100.
- Final approval for a building permit will not be given until this list of contractors working on the project is completed and returned to the business license office by either the general contractor or the owner-builder.
- All contractors & subcontractors working on the project must have a valid active city business license for the dates during which they worked on the project.

**Please retain a copy for your records.**

## PROJECT DETAILS
