

Downtown Santa Monica New Parking Meter Time Limits

April 29, 2014

This message is to inform you of changes in on-street parking regulations within the Downtown Santa district. In coordination with the Santa Monica Police Department and Downtown Santa Monica Inc., a thorough review of all metered parking time limits was conducted in early 2014.

In an effort to make on-street parking spaces consistent and readily available for all patrons, the City of Santa Monica will be modifying parking meter time limits and enforcement hours within the Downtown district as follows:

- Most meters along Ocean Avenue, 2nd Street, and 4th Street between Wilshire Boulevard and Colorado Avenue will provide patrons with 3 hour parking between 8 A.M. and 2 A.M. daily.
- Most meters along Broadway, Santa Monica Boulevard, Arizona Avenue, and Wilshire Boulevard between Ocean Avenue and 5th Street will provide patrons with 3 hour parking between 8 A.M. and 2 A.M. daily.
- Most meters along the rest of the Downtown streets east of 5th Street and in the Civic Center area will provide patrons with 3 hour parking between 8 A.M. and 9 P.M. daily.

We anticipate the meters will be modified within the next six to eight weeks.

Questions and concerns about the planned changes can be addressed by phone to Andrew Maximous, Principal Traffic Engineer at (310) 458-8291, by email to transportation.management@smgov.net

Para información en español sobre cambios a los caminos de su vecinidad, llame a Carmen Gutierrez a (310) 458-2275.
