SANTA MONICA airport ARTWALK

saturday MARCH 12TH 12-5pm

One of L.A. County's oldest operating airfields, Santa Monica Airport has a rich history as the former home of the Douglas Aircraft Company and the birthplace of the DC-3. Over time, the airport has developed into an arts incubator and is now home to over 60 artists and a number of creative venues.

Santa Monica Airport and the Cultural Affairs Division invite you to celebrate the **10th Annual ArtWalk!** Explore open studios, see art and ceramic demonstrations, participate in art and theater workshops and enjoy live music and food trucks in the airport's unique converted airplane hangars. Discover why the ArtWalk has become a beloved community event.

SANTA MONICA ART STUDIOS

3026 Airport Ave
This exceptional example of a building creatively adapted for re-use is now home base to numerous artists and one of the area's most innovative galleries – ARENA 1.

AIRPORT ARTIST STUDIOS

2900, 3000, 3021 & 3050 Airport Ave
Private artist studios are dotted throughout the buildings of the airport.

RUSKIN GROUP THEATRE

3000 Airport Ave
This talented young company presents daring new theatre works on a regular basis, despite the occasional overhead drone of landings and take-offs. The Ruskin company will perform highlights from its popular monthly offering L.A. Café Plays and hosts theater improvisation workshops for kids. See *Day's Events*.

MUSEUM OF FLYING

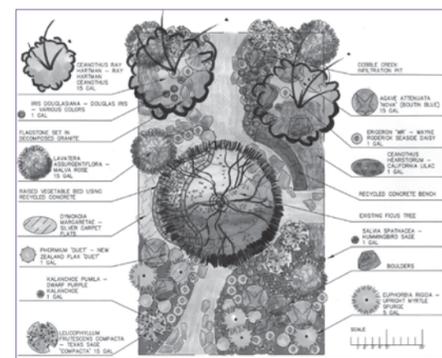

3100 Airport Ave
Explore displays and interpretive exhibits on the history of flight and the development and growth of the aviation and aerospace industry in Southern California. The Museum focuses on the Douglas Aircraft Company and the history of the Santa Monica Airport. Be sure to check out the tribute to the airport's aviation history, the DC-3 monument, just in front of the museum.

AIRPORT DEMONSTRATION GARDENS

3200 Airport Ave
The demo gardens provide inspiration for home gardens with four distinct sustainable landscapes based on different uses; playing, entertaining, relaxing, and rain harvesting. City of Santa Monica staff and landscape professionals will be on hand to answer questions about rebates and how to transform your home garden into a sustainable landscape.

ARENA 1 GALLERY

3026 Airport Ave
ARENA 1 Gallery features *New Walled Cities & Hinterlands*, a group exhibition curated by Berenika Boberska and Peter Culley. The exhibit presents ideas for a future Los Angeles urban typology. The modern hinterlands of agricultural land, cul-de-sac developments, solar farms and spoil heaps are eccentric landscapes of technology and infrastructure. These have replaced the forest floor and offer a new hybrid of wilderness and artifice.

ARENA 1, *Sound of the Hinterland*, Berenika Boberska

Closing Reception: March 12th, 12:00-5:00pm
Gallery hours: Wed – Sat, 12:00–6:00pm

SANTA MONICA COLLEGE

2800 Airport Ave

art mentor program

The Art Mentor Program is a unique learning experience for a select group of students from the SMC Art Department. Students are challenged to explore their creative work and that of others, and to solve problems in innovative ways. Students create portfolios, study preparatory practice and are introduced to the dynamics of galleries, museums, curators and collectors. The program encourages students to become more competitive by stimulating the intellectual awareness required to present themselves as professionals in local and international visual art communities. The Art Mentor Program is led by SMC Art Department Chair Ronn Davis and is taught by Carlson Hatton.

ceramic arts

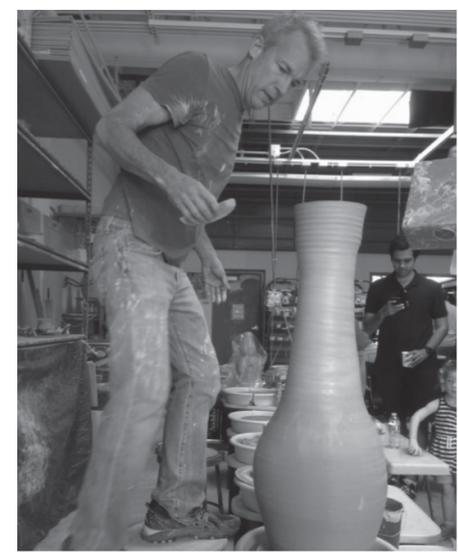

SMC's Ceramic Arts offers instruction designed to promote conceptual, technical and aesthetic processes, and encourage individual expression and creativity. Courses include hand building, mold casting and wheel forming, with emphases on surface decoration, glaze chemistry, stacking and firing. College students will be onsite demonstrating casting with molds, photo transfer, hand forming and wheel-throwing techniques. A few highlights will include a unique children's collaborative sculpture, a sale/show of student work and Raku firing demonstrations. See *Day's Events*. Ceramics Arts is led by Franklyn Phillips.
