

NOTICE

Water Main Replacement Project – Phase 1 & Phase 2

Description: Phase 1: Installation of 1,300 linear feet of water main in Airport Avenue
Phase 2: Installation of 1,200 LF of water main in Airport Avenue

Dear Neighbor,

To maintain a dependable, high-quality water system, a new water main and services will be installed along Airport Avenue in two Phases (as shown on the below map). This project is to replace aging infrastructure. Please be advised that this work includes operations of trenching and re-paving of the trench.

Construction Period:

The contractor is scheduled to start the week of December 9, 2019 to begin digging to identify existing utilities and verify the layout of the new water main for Phase 1 & 2. The contractor will then begin installation of the new water main – Phase 1 and continue through February 2020 between the hours of 8:00 AM and 6:00 PM, Monday through Friday. During this construction, there will be no work on November 28, 29, 2019, December 24th, 25th, 2019 and on December 31, 2019 and January 1, 2020 in observance of the holidays. Installation of water main in Phase 2 is scheduled to start in January 2020 and scheduled for completion in March 2020. Please note that the start and completion dates of construction may be delayed due to unforeseen conditions and weather.

NOTICE

Restricted Access:

During construction of the water main, Airport Ave will be reduced to one lane. Flaggers will be in place directing traffic in both directions. Access to driveways will be maintained during construction, but access may be delayed when work is occurring in front of the driveway. Temporary detours will be installed when necessary. To avoid any delays, please plan accordingly and take an alternate route if possible.

Parking:

Parking lots will remain open during construction.

Note that the operation of heavy equipment is necessary to construct this water main improvement project and will generate some noise.

We understand this process is inconvenient and we will make every effort to minimize any inconvenience that this work may cause. Please contact the Construction Manager or inspector, at the phone number provided below if you have any specific concerns or questions. Thank you in advance for your patience and understanding.

Mike Masengale, Inspector
(424) 536-7030

Carlos Rosales, City Construction Manager
