# FY2015-19 HUMAN SERVICES GRANTS PROGRAM

## Overview

---

The purpose of the Human Services Grants Program (HSGP) is to develop, fund and sustain human service programs and increase the impact of organizations by cultivating an effective safety net, building on the unique assets and strengths of neighborhoods, community organizations and public institutions. The Human Services Division will collaborate with public and nonprofit organizations to improve the wellbeing and quality of life of low-income Santa Monica residents including youth and families, people with disabilities, seniors, victims of domestic violence, and those who are homeless.

Providing stable yet flexible resources, grants support organizational infrastructure; ongoing core programs; emerging needs; programs which advance City initiatives; collaboration; and data gathering and evaluation. In addition to providing multi-year grants, the City provides facilities; technical assistance in the form of small one-time grants or training support to enhance organizational capacity; program quality and effectiveness; parking permits; and donated computer equipment to Santa Monica organizations.

Funding awarded through the HSGP comes from multiple sources both locally and nationally, and includes the City's General Fund, City development agreements (community benefit resources), Los Angeles County Proposition A funds, Los Angeles Homeless Services Authority (LAHSA) funds, federal entitlement (CDBG) and federal competitive grants. Further, it is required that grantees provide a minimum of 30% cash match to the delivery of services for Santa Monica residents and work to maximize leveraging of non-City dollars, volunteer and other in-kind resources to augment City funding.

In response to the FY2015-19 HSGP Request for Proposals (RFP), 24 agencies submitted 50 proposals totaling \$10 million, approximately \$2.4 million over total FY 2014-15 funding levels. To ensure a balanced assessment of all proposals, the HSGP review process included 4 representatives from City commissions, 16 external community partners and subject matter experts, and an interdepartmental team of 23 City staff. All organizations recommended for funding are required to provide services which align with Council-adopted funding guidelines and selection criteria. This RFP process and its recommendations will serve as the foundation for four years (2015-19). This enables well-performing agencies to annually renew grants (contingent upon available funding) while making program or budget adjustments, in consultation with and upon approval of City staff.

On June 23, 2015, Council reviewed and approved the funding recommendation for the FY2015-19 HSGP. This update includes grantee approved funding for FY 2017-18.

## Goals

---

- Fund programs that respond to a clearly identified need in Santa Monica
- Use City funds and cash match to serve eligible Santa Monica program participants
- Target those who are most vulnerable, underserved or unable to access services
- Implement a ‘whatever it takes’ approach across target populations
- Utilize recognized best practice models that focus on evidence-based research
- Focus on prevention and early intervention, when possible
- Show program impact through valid, documented, high-impact outcomes that demonstrate specific and substantial change in the community and lives of participants
- Strengthen the link between supportive services and housing; get and keep people in housing, increase their self-sufficiency
- Operate from within a highly collaborative and coordinated service delivery system
- Make sure organizational capacity is strong as well as community-based
- Maximize leveraging of county, state, federal and private resources for Santa Monica residents
- Foster positive community relationships with neighboring businesses, residents, and organizations

## Strategies

---

- Invest in programs that demonstrate effectiveness through high-impact measurable outcomes achieved through collaboration
- Fund programs that advance the goals of the Council-adopted Youth Violence Prevention Action Plan, 2014/15 Youth Wellbeing Report Card, Evaluation of Services for Older Adults, Action Plan to End Homelessness, the City’s Five Year Consolidated Plan (2015-19), and the City’s Wellbeing Project.
- Continue to align HSGP funding for youth and family programming with smC2C goal of providing a safety net of services across the spectrum of vulnerable youth in Santa Monica, thereby addressing the highest needs of youth from birth to 24 years of age
- Continue to provide low or no-cost leases for over 50,000 square feet of facility space to three non-profit human services agencies
- Employ a scientific approach to data analysis, including developing a data management system to identify trends, measure outcomes, evaluate effectiveness, determine capacity, and illustrate the current and emerging needs of the Santa Monica community.
- Use Development Agreement (DA) community benefit funds to enhance human service facilities and programs; continue to monitor and work with Saint John’s Health Center to ensure that its Santa Monica Community Access Plan (required by 1998 DA) provides grants to City-supported organizations and projects
- Monitor agencies for program and administrative performance

## Approved Funding Recommendations

---

The Council-approved funding recommendation for the 2017-18 HSGP totals \$8.267M. Funding Sources for the 2017-18 HSGP are as follows:

- Base General Funding: \$7.721M (93%)
- Federal entitlement and competitive grants: \$227K (3%)
  - Housing and Urban Development (HUD)/Los Angeles Homeless Services Authority (LAHSA) Continuum of Care (CoC): \$22K
  - Community Development Block Grant (CDBG): \$201K
  - Santa Monica Housing Authority: \$4K
- Other local revenue sources: \$321K (4%)
  - LA County Proposition A: \$248K
  - Village Trailer Park Development Agreement Funds:\$73K

A breakdown of Council-approved funding levels by agency is included in Attachment I. Immediately following Attachment I are profiles of each agency and program that has been approved for funding. Budget and program participant information included in the profiles is sourced from program plans submitted and approved during contract negotiations with participating HSGP agencies.

## DEFINITION OF ELIGIBLE SANTA MONICA PROGRAM PARTICIPANTS

**For the purposes of the HSGP, an eligible Santa Monica Program Participant (SMPP) is defined as:**

- An individual whose permanent address is in Santa Monica; or
- A student currently attending a Santa Monica public school in the Santa Monica-Malibu Unified School District (SMMUSD); or
- A youth, age 16 – 24, recently enrolled in a Santa Monica-Malibu Unified School District high school that can demonstrate a continued tie to the Santa Monica community; or
- A youth residing in Santa Monica that currently is or has been in the foster care system or has aged out of the foster care system.

**A Santa Monica program participant is not:**

- A student attending a private school in Santa Monica who lives outside of Santa Monica; or
- A student attending Santa Monica College who lives outside of Santa Monica and attended a non-SMMUSD high school; or
- A homeless individual or family who recently arrived in Santa Monica or intermittently stays in Santa Monica.

*For programs proposing to serve **people who are homeless or opportunity youth**, the following additional criteria apply to be eligible SMPP:*

**For programs proposing to serve homeless households (individuals or families), eligible SMPP are:**

- Homeless households whose last permanent address is in Santa Monica; or
- Individuals that have been documented as homeless in Santa Monica for five or more years; or
- Vulnerable members of Santa Monica’s workforce (homeless individuals and families with a household member who has worked full-time within the City of Santa Monica); or
- Homeless individuals on the Santa Monica Service Registry or identified by Human Services Division staff as high users of City resources and services; or
- Formerly homeless individuals and families who are participating in supportive housing in Santa Monica.

**For programs proposing to serve youth aged 16-24 who are not in school or working and/or lack supportive networks (“opportunity youth”), eligible SMPP are:**

- Youth aged 16 to 24 years whose permanent address is in Santa Monica; or
- A youth, age 16 – 24, recently enrolled in a Santa Monica-Malibu Unified School District high school that can demonstrate a continued tie to the Santa Monica community; or

In addition to the above, *two or more* of the following risk factors must be present:

- Youth is out of school and has not obtained a High School diploma, GED or equivalent;
- Youth is unemployed and not in school;
- Youth has a history of incarceration or family history of incarceration;
- Youth is gang-involved or has family members that are gang-involved;
- Youth has psychological/social issues and/or an identified mental illness;
- Youth has history of substance abuse;
- Youth has history of physical and/or emotional abuse;
- Youth has a history of personal or family trauma (e.g., death of parent, incarceration of parent); or
- Youth is a member of a low-income household.

At any point during the grant cycle, staff may revise target population eligibility criteria based on new data that may identify an emerging need.
