**HUMAN SERVICES GRANTS PROGRAM**  
**Fiscal Year 2013-2015 – Notice of Funds Availability**

The City of Santa Monica Human Services Division invites current Human Services Grants Program (HSGP) Grantees to submit an application for funds available for one to two Youth Resource Team (YRT) Coaches/Navigators. Initial funding in the amount of \$90,220 is available to hire Coaches/Navigators to oversee a total of 25 participants. The City may grant funding to one or more agencies.

**Background**

Disconnected youth, also referred to as “opportunity youth,” are defined as youth between the ages of 16 to 24 who are not in school or working and/or lack supportive networks. Such youth face significant barriers transitioning into adulthood and attaining self-sufficiency. In April 2013, the City released the [Opportunity Youth Request for Proposals](#) (RFP) in response to Council direction to address the unmet needs of this population.

On June 14, 2013, at a special meeting in response to the recent violence in Santa Monica, the Cradle to Career (c2c) Work Group called for acceleration of efforts to serve youth and affirmed the group’s intent to stimulate a “whatever it takes” approach. On June 25, 2013, City Council adopted staff’s recommendation to support the accelerated efforts of the Youth Resource Team (YRT). These new, existing, and augmented services would advance the following goals: (1) educational re-engagement and re-entry (completion of high school, GED and certification programs); (2) economic stability and vitality (jobs); and (3) engagement/resiliency (mental health, family support, and wellbeing) for disengaged Santa Monica youth aged 16 to 24 years. At the same time, the members of the YRT would be tasked with identifying the policy issues and barriers that have resulted in a fragmented system and work to find solutions.

Based out of Virginia Avenue Park, the YRT is committed to providing services for the hardest to engage older/”opportunity” youth in Santa Monica. Members of the YRT, which include schools, probation, law enforcement, behavioral health, substance abuse, and health care providers, work collaboratively with one another and with individual youth and their families to enhance wellbeing, family engagement, economic security, equity, and violence prevention.

**Purpose of Funds**

This notice of available funding is for the sole purpose of instituting Coaches/Navigators to support the efforts of the YRT outlined above. Vulnerable youth will be identified by referrals from a number of sources including the City, SMMUSD, and service providers. The City of Santa Monica will determine, in coordination with the school district, a beginning group of 25 vulnerable youth.

Once participants are identified, YRT Coaches/Navigators will be tasked with engaging the youth and their family. Each Coach/Navigator will initially manage and retain a caseload of 12-13 participants, and will navigate the complex service delivery system in order to link youth and their families appropriately. Then, the various interdisciplinary members of the YRT will conduct the appropriate assessments and collectively develop individualized treatment plans for each youth. YRT members will hold regular case conferences - coordinated by the City of Santa Monica’s Human Services Division - to review progress, share data, and refine their approach.

Applicant agencies should be able to provide the following to support the efforts of the YRT:

- Hire Coaches/Navigators that adhere to assertive case management best practices and provide a ***single point of accountability*** for participants
- Leverage non-City of Santa Monica funding and resources to take project to scale
- Provide executive level active and consistent representation at the c2c Work Group
- Provide active and consistent representation on the direct service level at the YRT
- Track and report progress on the efforts of YRT Coaches/Navigators
- Provide policy and direct practice recommendations that will affect both large and small scale change for older youth in Santa Monica

## Program Budget

The Program Budget must correspond with the Program Plan. Budgets that include any indirect administrative costs assigned to the program will need to provide an attachment, which includes a proposed Administrative Budget for the entire organization and a narrative explaining the cost allocation methodology used to distribute administrative costs to the proposed program. Please note that a final Program Budget will be part of the grantee agreement with the City and regular tracking and expenditure reporting will be required.

To ensure readability and uniformity, please use the Program Budget template. Provide line-item detail as specified in each section below and verify all calculations. *Program Budgets will not be accepted if any of the requested information below is incomplete or if the calculations are incorrect.*

## Program Budget

**Organization:** Name of the organization

**Program:** Name of the program

**Period:** July 1, 2013 through June 30, 2014

### Section I: Budget Summary

This section provides a summary of the total proposed Program Budget for FY 2013-14. It requests the allocation of all projected funding amounts (City and non-City sources) for anticipated FY 2013-14 program expenditures. Organizations are required to provide a Cash Match from a non-City source to directly support the program activities specified in the Program Plan (see Cash Match section below). While in-kind contributions such as volunteer services, donated space and facilities, donated equipment and materials are encouraged, they are not an eligible source for the required cash match.

#### **Total Program Budget**

*Column A* should reflect projected expenditures for the **entire** program (not just the proposed City of Santa Monica grant funding request portion). This column should equal SM Grant Funding Request, plus Cash Match.

#### **SM Grant Funding Request**

*Column B* should reflect projected expenditures for the FY 2013-14. **Amounts should total the grant amount being requested.**

**Cash Match**

Cash Match requirement is based on Total Program Budget. A cash match is defined as revenue from a non-City source, which directly supports the program activities specified in the Program Plan. *Column C* should reflect projected expenditures for FY 2013-14 from non-City sources. Using the chart below, provide the requested information in each column.

For programs exclusively (100%) serving eligible Santa Monica Program Participants, organizations are required to contribute **at least 25%** of the Total Program Budget from non-City cash sources.

EXAMPLE:

1. 65 out of 100 participants are eligible Santa Monica Opportunity Youth Program Participants
2. % Santa Monica Program Participants served is 65%
3. Total Program Budget is \$800,000
4. Portion of Program Budget dedicated to SM Program Participants is \$520,000 ( $\$800,000 \times 65\% = \$520,000$ )
5. Minimum Cash Match is \$130,000 ( $\$520,000 \times 25\%$ )
