

STEPS TO OPEN YOUR BUSINESS IN SANTA MONICA

Step 1:

Before you sign a lease, please contact the **City Planning Division** to confirm:

- a) The proposed business is permitted in the zoning district, and
- b) It meets the parking requirements.*

Step 2:

Will the business require physical alterations to the building, or interior, including signage?

If yes...

Step 3:

Apply for a **Business License** and applicable local regulatory permits. Call (310) 458-8745 for an application, or apply online:

www.smgov.net/BusinessLicense/

Note: if the property is located in the Coastal Zone, then Coastal Commission approvals may also be required.

If a **Building Permit** is required, the plans must be prepared by a licensed architect or engineer (or designer, depending on the proposed improvements) and approved by various divisions/departments before a building permit can be issued. Prior to applying for a building permit, ensure that all land use approvals from Planning (CUP, ARB, etc.) have been obtained. Contactor will be required to have a City of SM Business License.
