### Single-Use Carryout Bag Ban Program Definition of a Recycled Paper Bag:

All paper bags purchased from manufacturers provided on this distributors list must contain the prescribed levels of recycled content as definition in the Single-Use Carryout Bag Ordinance:

#### [Single-Use Carryout Bag Ordinance](#)

"Recycled Paper Bag" means a paper carryout bag provided by a store to a customer at the point of sale that meets all of the following requirements:

- (1) Except as provided in subdivision (2) of this subsection (g), the paper carryout bag contains a minimum of 40 percent postconsumer recycled materials.
- (2) An eight pound or smaller recycled paper bag shall contain a minimum of 20 percent postconsumer recycled material.
- (3) The paper carryout bag is accepted for recycling in curbside programs in a majority of households that have access to curbside recycling programs in the City.
- (4) The paper carryout bag is capable of composting, consistent with the timeline and specifications of the American Society of Testing and Material (ASTM) Standard Specification for Compostable Plastics D6400, as published in September 2004.
- (5) Printed on the paper carryout bag is the minimum percentage of postconsumer content"

The City of Santa Monica does not endorse these retailers or their products. This list is provided for informational purposes only.
