

10 Ways a Sustainable Community Works

1. To have cleaner air, water and beaches
2. To safeguard the health of families and the environment
3. To maintain a strong and diverse economy
4. To maximize open space resources and recreation
5. To maintain a diverse and engaged community where everyone can meet their basic needs
6. To create a safe, caring, and fair community
7. To provide all community members with life-long learning opportunities
8. To create a more walkable, bikeable, and livable city
9. To reduce Santa Monica's impact on the global environment
10. For our children and our children's children

Santa Monica Sustainable City Plan utilizes the power of community to conserve and enhance our local resources, safeguard human health and the environment, maintain a vibrant and diverse economy, and improve the livability and quality of life for all community members in Santa Monica.
