*Contractors do not undergo testing or certification by the City of Santa Monica. The City of Santa Monica disclaims and does not accept responsibility for any contract or service entered into or performed by a Contractor. The City of Santa Monica provides this list of Contractors as a courtesy only and use of any Contractor is completely voluntary. You are strongly encouraged to solicit bids from several contractors, whether or not they are included as part of the Solar Santa Monica Contractor list. You should always check licenses and references before entering into any contract.

If you are interested in becoming a Santa Monica verified contractor, please contact the Office of Sustainability and the Environment at (310) 458-2213 or environment@smgov.net.
