SCHEDULE OF EVENTS

8:30 AM

Bike Ride with the Mayor
Santa Monica City Hall
 Kick off ClimateFest with a 3-mile bike ride with Mayor Ted Winterer and Santa Monica Spoke. The ride will leave from City Hall, loop through Mid-City Neighborhood to California Ave, and end at St. Monica's in time for the Opening Ceremony.

Remember to bring your own bike, helmet, lock & water bottle. Children are welcome but should be capable of street riding or in an appropriate child seat or trailer. No bike? No problem! Just grab a Breeze Bike Share Bike.

10:00 AM

Opening Ceremony & Keynote
Grand Pavilion
 State and local climate leaders will kick off the day leaving you inspired to take action!
Ted Winterer, Mayor
Ben Allen, State Senator
Felicia Marcus, State Water Resources Board
Garrett Wong, City of Santa Monica, Climate & Energy Sr. Analyst

11:00 AM

Future of Water
Grand Pavilion
 What Does Water Have to Do with Climate Change? Experts will discuss the impacts of climate change on water supply and sustainable management and the specific steps California and Santa Monica are taking to plan for long term water sustainability.
Felicia Marcus, State Water Resources Board
Melinda Weinrich, City of Santa Monica, Water Conservation Sr. Analyst
Karina Sandique, City of Santa Monica, Water Conservation Analyst
Mark Gold, UCLA

Put a Price on Carbon!
Caruso Room A
 What if there was a cost to emitting carbon? It's not such a far-fetched idea! Come learn about the carbon tax, why we need it, examples in action and the political appetite for this concept. This session will also cover how you can help, including lobbying strategies and campaigns.
Citizens Climate Lobby

The Climate Crisis is Upon Us
Caruso Room B
 With Al Gore's Climate Reality Leaders, explore the climate crisis and what can we do to slow it down or stop it. Portrayed in stunning photography and visuals, the costs of dumping carbon and methane into our environment and air, heating the planet and our oceans, are clear.
Climate Reality Leaders

Coastal Science & Stewardship for Santa Monica Bay
Caruso Chapel
 Sea levels, seawalls and erosion threaten SoCal's beaches. Join us for a look at the relationship between climate change and the SoCal coast, examples of beach stewardship, and develop a personal plan for coastal action.
Kurt Holland, CSU Long Beach

Backfired: When VW Lied to America
Caruso Conference Room
 Preview a new documentary inside VW's diesel emission scandal and how California helped expose the scandal and hold VW accountable. After, meet and discuss the issues with the local filmmaker.
Dale Bell, Director

12:00 PM

Ocean Pollution Solutions
Duval
 Learn from a local student and Grades of Green participant how you can help keep our oceans clean!
Grades of Green

12:45 PM

California's Climate Legacy
Grand Pavilion
 California is burnishing its role as the global leader in the fight against climate change. Hear from your local representatives on the State's successes and path to a low-carbon future.
Richard Bloom, State Assembly Member

1:30 PM

Future of Mobility
Grand Pavilion
 Changes in mass transit and personal mobility are happening at a disruptive pace. This panel will discuss the technologies and policies that Santa Monica may encounter as we transition to a low-carbon multi-modal lifestyle.
Francie Stefan, City of Santa Monica, Mobility Manager
John Rossant, New Cities Foundation

Bicycling 101
Caruso Room A
 Overview of bike basics, rules of the road, and things to know about bike safety, even if you think you know everything! The Bicycling 101 class will expand your overall bike knowledge. All class participants get a FREE helmet and pair of bike lights!
Cynthia Rose, Santa Monica Spoke
Sponsored by Metro's Bicycle Education Safety Training (BEST) Program

How to Make Your Home Green
Caruso Room B
 Learn about cost effective approaches to green remodeling, and how to develop a phased approach to reduce water, energy and resource use while creating a healthy home, community and planet.
Alison Kendall, Architect & Chair Unitarian Universalist Church Green Committee

Solar for Apartments & Condos
Caruso Chapel
 Thinking about getting solar for your apartment or condo? This workshop will provide you with the need-to-know information to engage your residents & neighbors and launch your project!
Michael Ware, EcoMotion

2:30 PM

Future of Energy
Grand Pavilion
 Santa Monica is embarking on a new frontier to achieve 100% renewable energy that is locally sourced and fossil free. Come learn how local choice, electrification and advanced energy technologies will shape the future of energy.
Garrett Wong, Sr. Sustainability Analyst
Ted Bardacke, Clean Power Alliance of Southern California
Annette Tran, Southern California Edison
Ted Flanigan, EcoMotion

Water Efficiency: Drip Irrigation 101
Caruso Room A
 Learn how to make your landscape irrigation system more efficient. This hands-on workshop covers the building a well-designed quality drip irrigation system.
Melinda Weinrich, City of Santa Monica, Water Conservation Sr. Analyst
Salvador Gonzalez, City of Santa Monica, Water Resources Specialist

Getting to "Yes" on Buying an EV
Caruso Room B
 Driving an electric vehicle (EV) is a great way to reduce your carbon footprint. In this open discussion, local EV experts and advocates will cover the benefits of owning and driving EVs, address your concerns and help you take the leap!
Ariana Vito, City of Santa Monica, Electric Vehicles
Paul Glenny, Hubject
Drive Clean Santa Monica

Save Food & Money: Shop Your Fridge!
Caruso Chapel
 A 4-person family loses \$1,500 a year on wasted food. You can save money by shopping your fridge! Learn how to decipher the best by, use by dates on products, storing foods properly, and shopping guidelines, tips to put money back in your wallet and edible food on the dinner plates.
Chanel Kincaid, City of Santa Monica, Zero Waste Coordinator

3:30 PM

Community Voices on Climate Action
Powered by Pecha Kucha & Raffle Prize Giveaway
Grand Pavilion
 We asked the community: What inspires you to take action? What are you doing to fight climate change? Your very own neighbors and local activists will inspire you in this unique presentation format, PechaKucha, which allows only 20 slides at 20 seconds each!
Hosted by Sustainable Works

5:00 PM

Networking Social Hour
Patio
 Celebrate the end of the day with climate allies, old and new, with tasty bites and sips.
Hosted by Climate Action Santa Monica
