MILLS ACT CONTRACT APPLICATION INSTRUCTIONS

WHAT IS THE MILLS ACT?

The Mills Act is a California State law that enables cities to enter into contracts with property owners of qualified historic structures. Mills Act contracts can provide tax benefits for both owner-occupied and income producing properties. In the case of owner-occupied property, the income projection is based on comparable rents for similar property in the area or, if insufficient rental information is available, the income that it could reasonably be expected to produce. For income producing property, the income amount is based on rent actually received and on typical rents received for similar property in similar use.

The owner of any building that is either a designated local landmark or a contributing building in a designated historic district may file a Mills Act Contract Application. Once approved, a Mills Act contract requires the County Tax Assessor's office to determine the value of the historic property based upon its current income, rather than future development potential.

In exchange for this reduction in property taxes, the contract requires the property owner to undertake specific restoration tasks, if necessary, and to properly maintain the historic structure. The proposed restoration and maintenance items are included in a work plan that is submitted by the applicant and, if approved, becomes attached to the contract as an exhibit.

More details about the State enacting law are available at www.ohp.parks.ca.gov.

CONTRACT TERM

Mills Act contracts are for a ten-year term and are renewed automatically each year on the contract's anniversary. As a result, unless either the property owner or the City submits a notice of non-renewal, the owner is always ten years away from the contract termination. The effect of a non-renewal notice is contract termination at the end of the then current ten-year term. The owner may also petition the City to initiate an immediate cancellation. If cancelled, a penalty equal to 12 1/2 percent of the property's assessed market value is imposed. The City may also cancel the contract in the case of breach of the contract conditions. The rights and obligations to the contract are also binding upon successive property owners during the contract term. Although new contracts can take place at any time, new valuations will not be effective until March of any given year.
APPLICATION PROCESS

The deadline for filing an application for a Mills Act Contract is May 31st annually.

Applications must be filed by appointment at the City Planning Division’s public information counter. Appointments are available weekly on Tuesdays and Thursdays. Please contact the City Planning Division at (310) 458-8341 at least one week in advance to schedule an appointment to file your application.

Staff will review your Mills Act Contract application upon receipt and will contact you and/or your representative to schedule a site visit. Following a site visit, staff will prepare a report to present to the Landmarks Commission for their recommendation (tentatively scheduled for the August or September Landmarks Commission meeting). It is important for you and/or your representative (architect) to be present at this meeting to answer any questions the Commission may have regarding the property.

After the Landmarks Commission has made a recommendation on the Contract application, staff will then take it to the City Council for their review and approval. Once City Council approves the Contract, notarized signatures of both the property owner and City officials must be obtained no later than early-December. The City will endeavor to submit the signed document to the Los Angeles County Recorder for recordation no later than December 28 for benefits to begin the following tax year.

Upon receipt of the fully executed and recorded document, the City will then forward it to the Los Angeles County Tax Assessor, who will recalculate the property owner's tax payment (usually mid April). Staff will provide you a copy of the fully executed Contract after it has been sent to the County Tax Assessor.

Please submit one (1) unbound, single-sided copy of each of the following items:

1. An Architectural Report identifying the status and condition of all character-defining features of the building and site prepared by a certified architect.

2. A ten (10) year Restoration/Rehabilitation Plan with estimate cost and schedule prepared by a certified architect.

The Los Angeles County Office of the Assessor will make a revised tax assessment that will be applicable for the next tax year.
6. Copy of the legal description for the property ("Exhibit A" on a Grant Deed).

7. Copy of the latest property tax bill for the property.
