A Brief History

E Stablished July 15, 1981, the *Santa Monica Certified Farmers Markets (SMFMs)* and accompanying programs are committed to promoting healthy eating and sustainable agriculture in California by providing fresh agricultural products direct from small farms to urban customers, thereby building community and preserving California farmland. The City of Santa Monica (hereafter referred to as the City) oversees the operation and management of four *Certified Farmers' Markets (CFMs)*:

Wednesday Downtown Market: The oldest farmers' market in Santa Monica is held every Wednesday from 8:30 am – 1:30 pm on Arizona Avenue and 2nd Street. The Wednesday Downtown Market is in the heart of the Downtown Santa Monica Business District and is adjacent to the 3rd Street Promenade retail businesses and restaurants. Each week over 8,000 home shoppers, chefs and tourists visit the Wednesday Downtown Market in search of fresh produce and flowers as well as cooking inspiration and community.

Saturday Downtown Market: The Saturday Downtown Market is held every Saturday from 8:30 am – 1:00 pm on Arizona Avenue at 3rd Street. The Saturday Downtown Market boasts the largest percentage of certified organic growers of the City's four markets. In the heart of the Downtown Santa Monica Business District, the Organic Market is adjacent the 3rd Street Promenade retail businesses and restaurants. Each week over 4,000 local residents, 3rd Street Promenade patrons and tourists visit the Organic Market.

Saturday Pico Market: The Saturday Pico Farmers Market is held every Saturday from 8:00 am to 1:00 pm in Virginia Avenue Park. This market features locally grown produce and flowers as well as *prepared foods* and breads. Each week over 3,000 customers, primarily from the local neighborhoods, visit the Pico Farmers Market.

Sunday Main Street Market: The Sunday Main Street Market is held every Sunday from 9:30 am to 1:00 pm, in the Heritage Square parking lot. *Market Participants* include local California farmers, prepared food vendors, businesses from the local business district, children's activities and musical performances. Each week, over 5,000 customers visit The Sunday Main Street Market. Visitors purchase produce, meet friends and family for breakfast and lunch and often stay two to three hours enjoying the ambiance, music and food. A complimentary bike valet and validated parking are also available for customers.

1 Authority to Operate

Authority to operate is granted by the State of California, the Los Angeles County Departments of Health and Agriculture/Weights and Measures and the City of Santa Monica, hereafter referred to as the City. These rules were adopted by the City of Santa Monica Council May 25, 2010 and subsequently updated March 20, 2012 and May ____ 2013.

SMFMs are CFMs operated by the City in accordance with regulations established in California Administrative Code, Title 3, Chapter 3, Group 4, Article 6.5, Direct Marketing. These markets are subject to all pertinent local, county, state and federal regulations and laws. All participating *producers* are expected to be familiar with the current *Direct Marketing Regulations* and these Rules, Regulations and Policy Guide (hereafter referred to as “The Rules”).

In addition to the CFMs, adjacent non-certified activities are operated under the authority of these rules and the City.

The purpose of The Rules is to govern the operation, administration and management of all farmers’ markets under control of the City. As set forth by the Direct Marketing Regulations, all organizations managing CFMs are required to establish rules and regulations. The organizations’ rules and regulations may be more stringent than those established by Direct Marketing Regulations provided that they do not violate or conflict with other relevant state laws or regulations.

SMFMs management and its designated agents will implement and enforce all Rules, Regulations and Policy pertaining to the operation and management of any Santa Monica Farmers Market (SMFM) in a fair and equitable manner.

2 Participation

This section answers the questions of how the SMFMs are organized, who may sell at the market, what products may be sold, how to apply, what permits are required to sell, how participation is determined and how stall spaces are allocated. All products and services at the SMFMs must have the prior approval of the SMFMs management and are subject to available space.

2.1 SMFMS ORGANIZATION AND LAYOUT

Each market is divided into two sections: the Certified Agricultural section and the Non-Certified Section.

2.1.1 Certified Agricultural Section

Certified agricultural products and Non-certifiable Agricultural Products may be sold in the Certified Section of the market.

1. Certified agricultural products are products which are grown by a *certified producer (farmer)* and certified under the jurisdiction of a County Agricultural Commissioner relative to inspection and verification of compliance with the provisions of the California Code of Regulations, Article 6.5. They include fresh fruits, nuts, vegetables, shell eggs, honey, cut flowers and nursery stock [CCR 1392.2(k)]. Certified producers selling processed products must also bring some of the primary unprocessed product to market when in season.
2. Non-certifiable Agricultural Products include all certified agricultural products that have been processed and include those products other than certified agricultural products noted in CCR 1392.2(l)...from any tree, vine or plan and their flowers (including processed products), livestock (including rabbits) and livestock products, and fish and shellfish produced under controlled conditions in waters or ponds located in California [CCR 1392.2(m)]. Non-certifiable Agricultural products include: juice, jams and jellies, dried fruits and vegetables, shelled or roasted nuts, fish and seafood, poultry and poultry products, livestock and livestock products and dairy.

PARTICIPATION

2.1.2 Non-Certified Section

Non-certifiable Processed Agricultural Products, Prepared and Pre-packaged Food, Retail, and entertainment are located in the Non-Certified Section of the market and must be designated as such.

2. *Prepared and Pre-packaged Food:* Pre-Packaged Foods are foods prepared **and packaged off site in a Health Department certified kitchen and include** items such as chocolates, breads and sandwiches. The following evaluation criteria will be used when making stall assignments:

7.2 DISMISSALS

Due to the serious nature of the violations listed in Schedule A, any such violations are grounds for immediate dismissal from the market. The Farmers Market Supervisor may impose reasonable conditions on any dismissed market participant, to ensure that the violation is not repeated, before authorizing any such dismissed market participant to return to the market. The Farmers Market Supervisor shall communicate the required conditions and the reasons for such conditions in writing to the market participant within five days after the dismissal. If no such conditions are imposed within this five-day period, the market participant shall have the right to resume operations at all SMFMs.

Any conditions imposed may be appealed by the market participant pursuant to section 7.4 (APPEALS AND ADMINISTRATIVE HEARING) of these Rules. During the appeal process the conditions imposed by the Farmer's Market Supervisor shall remain in full force and effect. Thus, the market participant may not return to any SMFM without first complying with the required conditions.

7.3 FINES, SUSPENSIONS AND EXPULSIONS

Market participants shall receive a written Notice of Proposed Action if the proposed enforcement action includes a suspension longer than one (1) day, any fine or expulsion from the SMFMs. The enforcement actions proposed in the Notice are not effective until finalized as authorized by these rules.

The Notice shall:

- State the specific reason(s) for the action.
- Be delivered in person or mailed, faxed, sent by Certified Mail or e-mailed to the market participant prior to an imposition of a fine, suspension or expulsion unless an immediate suspension is necessary to protect public health, safety or welfare.
- Advise the market participant of the written appeal process of the action.

7.3.1 Office conference

Any market participant may request an Office Conference with the Farmer's Market Supervisor to review a Notice of Proposed Action. Any such request must be made within five days after the issuance of the Notice of Proposed Action. The Office Conference would be an informal opportunity for the market participant to present evidence and argument as to why the proposed action should not be finalized.

7.3.2 Final Farmer's Market Enforcement Action

The Farmer's Market Supervisor shall issue his/her decision ("Final Enforcement Action") within five days after the conclusion of the Office Conference, or, if no Office Conference was ~~timely~~ requested, within ten days after the issuance of the Notice of Proposed Action. This Final Enforcement Action is effective on the date of issuance. In the case of an expulsion, the Final Enforcement Action shall remain in full force and effect during the pendency of the appellate process.

7.4 APPEALS AND ADMINISTRATIVE HEARINGS

Any Final Enforcement Action and/or conditions imposed as a result of a dismissal may be appealed to the City of Santa Monica Farmers Market Supervisor's Manager. If the Manager is unable to conduct the hearing, the Housing and Economic Development Director shall appoint a hearing officer.

The appellant has the burden of proof. In order for the appellant to prevail, he/she must show, by a preponderance of the evidence, that City staff's decision under review is not authorized by applicable federal, state or local law, or is inconsistent with these adopted Rules.

MARKET VIOLATIONS

The request for appeal must be submitted in writing within 30 days from the date stated on the Final Enforcement Action or the imposition of conditions resulting from a dismissal. The Hearing shall be conducted within 30 days of the submission of the appeal request.

At the Administrative Hearing the appellant may present evidence and argument regarding the reasons stated in the Final Enforcement Action or the imposition of conditions. Administrative Hearings shall result in a written decision upholding, reversing or amending the Final Enforcement Action or the imposition of conditions. This decision shall be the City's final administrative decision and shall not be subject to further administrative appeal. The decision shall be issued within 30 days after the conclusion of the Administrative Hearing.
